Hi Camille,

Yesterday I conducted my weekly site inspection at Highland Estates. The project handled the rain well, and NextGen was onsite repairing the silt fence on Lot 9 when I was onsite.

My inspection report is attached, please let me know if you have any questions!

Thanks!

Subject: Highland Estates Site Visit 01/27/2021

Hi Bob,

It was nice to see you onsite yesterday. Overall the site looks great, and I really appreciate you fixing the silt fence and windbreak fence prior to my arrival.

As we discussed, there are still a handful of cardboard boxes that have blown down the hill on Lot 10. Please send a laborer down to retrieve these boxes so that they don't blow far outside of the project area. Keeping all work activity and equipment within the limits of the project is a requirement of Mitigation Measure AES-2.

Thanks so much,

Jessie Henderson-McBean
